Professional Summary

Enthusiastic BCA student and aspiring **Web Developer / RPA Intern** with practical experience in building responsive web applications and automating workflows using **UiPath**. Skilled in **HTML, CSS, JavaScript, DOM manipulation, and automation logic**. Seeking an internship to apply technical skills in real-world projects and contribute to efficient, user-focused solutions.

Technical Skills

- **Web Technologies:** HTML5, CSS3, JavaScript, Responsive Design, DOM Manipulation
- **RPA & Automation:** UiPath Studio, Sequences, Variables, Control Flow, Automation Workflows
- **Tools:** VS Code, Git, GitHub
- **Concepts:** Basic OOP, Problem Solving, UI/UX Fundamentals

Projects

E-Commerce Website

- Developed a fully responsive e-commerce web application with product listing and cart functionality
- Implemented dynamic add-to-cart system and real-time price calculation using JavaScript
- Focused on clean UI, structured code, and improved user experience

Todo List Web Application

- Built a task management application with add, delete, and update features
- Utilized DOM manipulation for dynamic task rendering and interaction

UiPath Automation Project

- Created automation workflows to eliminate repetitive manual tasks
- Used sequences, variables, loops, and decision-making activities to design automation logic
- Strengthened understanding of RPA concepts and process optimization

Education

Bachelor of Computer Applications (BCA)

2023 – 2026

Uttaranchal University

Certifications

- **UiPath Automation (RPA) Certification**
[View Certificate](#)
- **Web Developer Internship Certificate (AICTE & ICAC Approved)**
Codec Technologies Pvt. Ltd.
[View Certificate](#)
